UNIVERSITAS INDONESIA
Veritas, Probitas, Iustitia

FACULTY OF ECONOMICS AND BUSINESS

CALL FOR PAPERS

ICPSA 2026 is a strategic initiative by the National Accounting Institute (IPN) and the Accountant General's Department of Malaysia (AGD), driving the development of public sector accounting and finance at both national and international levels.

This conference serves as a platform for AGD to share recent developments, best practices, and achievements in public sector accounting. This includes the implementation of digitalisation initiatives, the development of Islamic accounting standards, the execution of accrual accounting, and various public-sector transformation agendas.

Academics, researchers, industry practitioners, as well as public and private sector officials, are cordially invited to submit research papers in the fields of public financial governance, sustainability reporting, and public sector digital transformation. Empirical, theoretical, qualitative, policy-related papers, or comprehensive literature reviews are highly welcomed.

Shaping The Future of Public Sector Excellence Through Governance, Sustainability, and Digital Transformation

27 & 28 OCTOBER 2026

VIRTUAL CONFERENCE

Topics

SUGGESTED TOPICS INCLUDE, BUT ARE NOT LIMITED TO, THE FOLLOWING:
